— NATURE RESERVE —

Kagga Kamma Nature Reserve is located in the pristine wilderness of the Swarttruggens area, in the peaceful Cederberg Mountains, in the Western Cape, South Africa.

The Reserve is renowned for its scenic beauty and dramatic rock formations typical of the Cederberg region.

# { Kagga Kamma Nature Reserve }

With a rich and fascinating Cultural Heritage, this area offers spectacular scenery, ancient Rock Art sites, amazing indigenous fauna and flora, phenomenal night skies and some fascinating small critters that are scarcely seen in other parts of the country.

The numerous ancient rock art sites dotted across the Kagga Kamma Nature Reserve landscape provide vivid evidence of the Stone Age hunter-gatherers – the San – and the Khoekhoe-speaking herders – the Khoi – who inhabited and ranged in the area for many thousands of years. The unique accommodation

options add to the sense of adventure. Choose between a man-made Cave Suite, beautifully integrated with the sandstone rock formations; or spacious Hut Suite, resembling the traditional dwellings inhabited by the clans of the area many years ago.

For a truly remarkable experience, the beautiful Open-Air Suites allow for an entire night under the stars, without compromise on comfort, as you drift off with just the covers between you and the heavens above.

Admire astonishing views; traverse the Nature Reserve on foot, two-wheels or four. Cool off in the pool, eat dinner under the stars and experience the tranquillity and bliss that this destination offers.

## Gravel Road to Kagga Kamma

Please note that the last 35km to Kagga Kamma Nature Reserve is a scenic gravel road. Although the gravel road is traversable in a normal sedan vehicle all year round, the condition of the last 10km of road does change and may deteriorate somewhat from time-to-time, due to prevailing weather conditions and / or lack of municipal maintenance, which events are, unfortunately, outside of our control. Please drive carefully and slowly and make the most of the opportunity this affords for you to slow things down and enjoy the splendour of nature that surrounds you on the way to Kagga Kamma.
